

Here On Earth

D **A**
Here on earth there's problems

Bm **G**
That can't be believed

D **A** **Bm** **G**
Here on earth there's violence and death

D **A** **Bm** **G**
Here on earth there's hunger, pain,
poverty and greed

D **A** **Bm** **G**
Here on earth there's little time for rest

Here on earth there's madmen
Killers, rapists and thieves
Here on earth there's sorrow and tears
Here on earth there's power, jealousy and
greed
Here on earth old women live in fear

Here on earth there's oceans gasping for
breath
Here on earth the land is laid to waste
Here on earth they don't learn
Here on earth they quest
For fortunes that must be made in haste

Here on earth there's homeless
In the land that has it all
Here on earth there's sick that won't be
healed
Here on earth there's vengeance
Here on earth you crawl
If you're one of the few who dares to feel

Here on earth there's children
Who don't stand a chance
Here on earth the wealthy just take more
Here on earth the leaders don't give a
second glance
As they march the innocent into war

Here on earth there's genocide, suicide
and hate
Here on earth your color marks your place
Here on earth there's men who
Could destroy the human race
Here on earth they send weapons into
space

Here on earth there's water, mountains,
valleys and trees
Here on earth the secret's in a seed
Here on earth there's creation
Here on earth there's dreams
Here on earth there's everything we need
